THREE CENTS

WORLD'S EYES ARE ON WEIMAR
MOMENTOUS
DECISION OF
VANQUISHED
IS FORMING

Germany Must Cast Die For War Or Peace By Seven O'clock Monday Evening

HUN SENTIMENT SPLIT

Ebert And His Cabinet May Resign And Allow Reign Of Anarchy

PARIS, June 19.—The eyes of the world were focused on the little town of Weimar today, where one of the most momentous decisions in history was in the making.

With the allied armies and the British navy ready to move simultaneously upon Germany if she refuses to sign the peace treaty, the German delegates, cabinet and national assembly were gathered in Weimar, debating whether it shall be peace or war. Their verdict must be reached before 7 o'clock p. m. Monday, the "zero hour" fixed by the allies when they submitted their reply to the German counter-proposals at Versailles.

The British navy, according to official advices today, has joined Marshal Foch's forces in readiness for resumption of hostilities, if that is the Germans' decision. Dispatch from British sources stated the navy has been put on a war footing and that all leaves have been revoked. The British dirigibles R-33 and R-34 were reported cruising over the German coastal regions, as a demonstration of the allies' preparedness. Both airships were said to be heavily armed with bombs and machine guns.

Copenhagen, reported the arrival of British cruisers and destroyers in the Baltic, in addition to the fleet already operating against the Bolshevik off Petrograd. Several destroyers, the Copenhagen dispatch said, started toward the German coast late yesterday on a secret mission.

Reports from various sources, yesterday and today, indicated the British naval authorities already had undertaken re-establishment of the German blockade. President Wilson, however, instructed American merchant ships to ignore a British order to cease discharging cargoes in German ports as well as an order to American warships to co-operate in resumption of the blockade.

Foch was understood to be at his headquarters in Luxembourg, from which central point he could direct the forward sweep of his armies into Germany along the entire front from Holland to Switzerland. His forces of nearly a million men on this front, in the event of resumption of the war, would be augmented by the Polish and Czech-Slovak armies, which would attack Germany from the east and south, according to authoritative information.

Dispatches from both Weimar and Berlin indicate a division among the Germans over the acceptance of the new terms. The peace delegates are said to be against the treaty. The cabinet appears to be split, while the

FIVE COSHOCTON
FOLKS GRADUATE
AT ATHENS TODAY

Five students from Coshocton-co were graduated at commencement exercises held Thursday at Ohio university, Athens.

Of the five graduates, three will receive degrees from the college of liberal arts. Harlan C. Koch, West Lafayette, will have a bachelor of arts degree conferred upon him. James L. Beck, Coshocton, and Bessie A. Darling, Warsaw, will both receive the degree of bachelor of science in education.

The two other graduates have both taken two year courses which do not give degrees. They are Louise Baughman, Coshocton, who graduates from the two year public school music course, and Lucy Lonsinger, Walhonding, who has completed a two year course in elementary education.

COX SIGNS BILL
COLUMBUS, June 19.—Gov. Cox today signed the Reynolds-Fouts bill granting presidential suffrage to Ohio women.

Mr. and Mrs. F. S. Castor of Otsego spent Wednesday in Coshocton.

FRED HUDSON DROWNS
AT RAT TRAP BEACH

Fred Hudson, aged 20, 1017 East Main-st, son of Christopher Hudson, coal operator, drowned in the Tuscarawas river Thursday afternoon at 2:15 at the bend in the stream 150 yards above the pier at the Rat Trap bathing beach. At 3:30 the body had not been recovered, altho the drowning took place in scarcely six feet of water. Hudson is above six feet in stature and could easily touch bottom at the point where he went under.

The cause of the tragedy was probably the fact that he lost his presence of mind when he accidentally slipped from a log on which he was riding. Only a few bathers were near the spot when the tragedy occurred, and when the plight of the young man was realized Jas. Carpenter, 18, went to his assistance and succeeded in seizing the victim's hair. In the struggle the youth broke Carpenter's hold and sank from sight in the current which carried him down toward the bathing beach where hundreds were enjoying the cooling waters during the heat of the day.

An alarm was sounded by the bathers who witnessed Hudson sink, and good swimmers immediately commenced a systematic search of the river bed near the point where Hudson disappeared. For more than an hour intensive efforts were kept up without results. A messenger was sent to the Coshocton Straw Paper Co. office to summon an ambulance, and 50 minutes after the boy sank from sight the Hamilton ambulance was on the scene with a pumpmotor awaiting recovery of the body. An emergency call for physicians was sent in from the paper mill, and plans were hastily being made to drag the river Thursday afternoon in the hope of recovering the body before the last spark of life had gone out.

Hudson was born in Coshocton in 1899. He has lived in the city all his life, attending the local public schools.

He was a member of the Presbyterian Sunday school and church.

He made his home with J. H. Weaver, 1617 East Main-st. He was employed in the Barnes mines at Conesville.

AGITATOR ON
ROAD JOB IS
A BOLSHEVIK
—SAYS SURVEYOR

Agitation which strongly savors of bolshevism, and which promises to become more serious as time advances unless checked in the bud, was experienced Tuesday and Wednesday by the county officials, from some of the laborers working on the Coshocton-West Lafayette road.

Every summer it has been the custom for the county surveyor and the contractors, to hire miners, who are temporarily out of employment because of the mines closing down, to work on the road building of the county. On the Coshocton-Lafayette road two miners have been taken on this season. There are 20 workers on this job.

Wednesday the following advertisement appeared in the columns of The Tribune and Times-Age:

"Notice, Beware, Trouble. Men looking for work should notice that the men working on the Lafayette-Coshocton road are on strike for an eight-hour day—Committee."

When questioned concerning this notice County Surveyor Ross Hamilton said that it was only one man who had started the agitation. The laborers on that road are employed for three dollars a day, and work nine hours. To this agreement most of the laborers were satisfied. "These miners, who are continually trying to stir up trouble," said the surveyor, "have done it all. They would like to see the workers on the Tyndal road join them."

There are only a few months in the year when the weather permits work on the roads of the county, and the men should not kick if they do work a little longer, Mr. Hamilton continued. The man who started the agitation was discharged. "Agitation of that kind savors distinctly of bolshevism," said Mr. Hamilton. "We will have no more of it. The fact that he signed the notice 'Committee,' shows that his work is off-color," said Mr. Hamilton.

John Hammond, 56, meat dealer and son Raymond, 22, of Otsego, who were injured Wednesday afternoon, when Pennsylvania passenger train 1206 struck their automobile at the east Conesville crossing at 2:30 o'clock, and brot to the City hospital, had sufficiently recovered to return to their home Thursday morning.

The automobile was much worse injured than his father, receiving gashes about the head and neck, which at first were thought to be serious. Both men spent a comparatively quiet night at the hospital, and left Thursday morning Dr. Jesse McClain and Dr. E. U. Marquand cared for their injuries in Coshocton.

The automobile was completely demolished by the train; pieces of it being scattered along the Pennsylvania tracks for several rods.

A. L. Caton and Harry Caton have returned home from a business trip to Cleveland.

FRANK COTTER DIES WEDNESDAY
NIGHT IN COLUMBUS HOSPITAL

Death Came Unexpectedly, Altho He Has Been In Ill Health Recently—Established The Coshocton Brick Plant And Was Widely Known Here.

ENGLAND REWARDS
U. S. BUSINESS MAN

Lieut. Col. Henry M. Bylesby.

Lieut. Col. Henry M. Bylesby, president of a big New York company bearing his name, has been advised that the British Distinguished Service Order has been conferred upon him by the British government. He served as purchasing agent for Great Britain and Scandinavian countries, with headquarters in London, during the war, and it is for this work he is rewarded.

Who Will Give
Rat Trap Real
Edifying Name?

The Tribune and Times-Age is in receipt of a note from a Coshocton man who would like to know the reason for Coshocton's bathing beach being called the "Rat Trap." He also suggests a new name for the popular resort, "Tusky Beach."

The city power plant of the Ohio Service Company has an intake pipe at the point where the beach is located. Around this intake a casing has been built up, which looks like a large rat trap. The "pier" from which the swimmers plunge into the Tuscarawas is directly over this intake.

BOY SCOUT DRIVE
BELIEVED SUCCESS

NEW YORK, June 19.—At Boy Scout headquarters today it was believed the campaign for 1,000,000 associate members had been a success. Final reports had not been received from larger cities which extended the campaign three days to fulfill their quotas.

B. F. Cotter, 52, former general manager of the Coshocton Brick Company, died Thursday night at 10:00 o'clock at Grant hospital, Columbus, death resulting from uraemic poisoning. His condition did not become critical until Wednesday. His wife, who resides at the corner of Fourth and Elm-sts, Coshocton, visited him at Columbus Tuesday. He complained of not feeling well but did not consider his condition alarming. Wednesday noon Mrs. Cotter received a telegram from Grant hospital to come immediately and she left on the next train, arriving two hours before his death. Wednesday night about 12 o'clock W. R. Hamilton received a message to come to Columbus and take charge of the body. Mr. Cotter's brother-in-law, O. M. Julian, editor of the Newcomerstown News, also went to Columbus Friday night.

Frank Cotter was born June 22, 1867, at Winfield, near New Philadelphia. When he was about 15 years of age, his father died and Frank was thrown upon his own resources. He proved to be a devoted son and took care of his mother until her death. She died in Coshocton about 15 years ago and was buried at South Lawn cemetery.

About 20 years ago Mr. Cotter and his mother moved to Newcomerstown where he was engaged in the brick business. He was married there about 16 years ago to Miss Myrtle Kennedy. Fifteen years ago last May he started the Coshocton Brick Company, one of this city's most substantial industries. He was in charge of this concern about 12 years, serving as general manager and treasurer. He retired from the business about four years ago. He possessed a thorough knowledge of the brick business and attained financial success. He was of a sociable, kind-hearted nature and formed warm and lasting friendships. He was a member of the Coshocton Lodge of Elks. About a year ago he went to Columbus, where he was associated with a manufacturing concern.

His only brother died a short time ago near Pittsburgh. Besides his wife, he is survived by a number of relatives in Tuscarawas county and in Pennsylvania. One sister, Mrs. James White, resides at Dover.

Funeral services will be conducted by Rev. J. I. Wean Friday afternoon at 2 p. m. and interment will be made at South Lawn cemetery.

HORSE STOLEN
FOR JOY RIDE

A horse and buggy belonging to T. K. Finlay was stolen from a hitching post at Keene Tuesday night. The rig was recovered Wednesday.

Finlay missed the conveyance when he left a meeting to go home late Tuesday night. After an hour's fruitless search he was taken home by a friend. Wednesday morning the horse and vehicle were found near a place where it had been tied apparently after a long drive. The rig was dirtied up with cigar and cigarette butts and ashes. There is no clue to the identity of the miscreants.

Ohio Schools And Cities Get Help From State's Law Makers

TOOK TWENTY WEEKS

Two Mill Tax Levy For Schools And Permit To Issue Bonds Legalized

COLUMBUS, O., June 19.—Immediate financial relief for Ohio cities and school districts today was assured following the passage by the legislature late last night of two relief measures, both of which are acceptable to Governor Cox, and the Republican legislative majority after 20 weeks of partisan wrangling.

The measures are—
One that will permit school districts a two mill levy outside the limitations of the Smith one per cent tax limit law. This was the plan of President Mark Thomson, of the Cleveland school board.

The other permits cities and schools to issue bonds and make tax levies within the 15 mill limitations of the Smith law to wipe out existing deficits and estimated deficits of cities up to January 1, 1920, and estimated deficiencies of schools up to January 1, 1921.

School districts can't get relief under both plans but must choose one or the other and operate under it. Both measures passed as emergencies, so become effective within a few days. Cox will let the Thomson plan measure become a law without his signature and sign the other measure.

If the revenues from the state inheritance tax and the proposed state income tax are not sufficient to pay interest and sinking fund charges on the bond issues of cities by 1921 and school districts by 1920 both, by vote of the people may break the Smith law.

The Republican majority measure which was passed three times over Cox's vetoes is repealed.

The final solution of the entire taxation muddle followed Gov. Cox's appeal to the legislature yesterday in which he offered to meet the Republican majority half way. Many hours of conferring followed and a compromise was effected with Cox under which he agreed not to veto the Lecompton plan if the Republican majority would pass the bond issue plan which provides for the levies within the Smith law limitations. He also won his point that school districts should operate under one of the two plans.

The senate last night refused to confirm any of the Cox Democratic appointments carrying a salary and confirmed only honorary appointments.

The legislature after being in session almost continuously since January 1, will recess today until December 1.

NEW CASTLE BOY'S
THIGH BROKEN BY
WHEEL OF WAGON

Harold Scott, 10, son of Mr. and Mrs. John Scott, New Castle, had his right thigh fractured at his home Thursday morning when the wheel of a heavily loaded wagon ran over it. The lad was helping his father load wool on a wagon to be taken to Walhonding. The stick blocking the rear wheel of the wagon, which was on a slope, slipped and the wheel ran over the boy. He was immediately brot to the City hospital where his injury was cared for by Dr. J. W. Dillman, New Castle, and Dr. Jesse McClain.

WETS PLAN VOTE
ON PROHIBITION

COLUMBUS, O., June 19.—Wets here today announced they will submit two proposed constitutional amendments to the voters next November thru the initiative.

One will repeal statewide prohibition and shall define nonintoxicating liquor as containing two and three-quarters per cent or less of alcohol. The other merely defines nonintoxicating liquors as in the first amendment. Should the people reject the first and accept the second near-beers and light wines could be sold if they contain less than two and three-quarters per cent alcohol.

THEY WILL GUARD
SHORES OF U. S.

Admiral Henry R. Wilson, above, and Admiral Hugh Rodman.

The new division of the U. S. naval forces calls for two fleets of equal strength, one to be known as the Pacific fleet and the other as the Atlantic fleet. Orders making the new plan effective also stated that Admiral Henry B. Wilson will command the Atlantic fleet and Admiral Hugh Rodman the Pacific. Each fleet will have four divisions of dreadnaughts and battleships, two divisions of cruisers, eighteen divisions of destroyers, three divisions of submarines and two of mine layers.

CURFEW SHALL
NOT BLOW, SAYS
CITY EXECUTIVE

The curfew whistle which has blown every night at 10 o'clock for the past few months, as a signal for all children under age, to go home, will be stopped beginning Thursday evening, by order of Mayor H. L. Richardson and will not blow again until further notice.

Since the inauguration of this signal there have been various complaints that it is more of a nuisance than it is an aid. In the region of the water works the residents are nightly disturbed by its shrill and piercing blast.

The latest complaint was filed with the mayor Thursday morning in the behalf of a sick person on Bridge-st.

DINSMORE OPENS
LOCAL CAMPAIGN
FOR WORLD PACT

J. W. Dinsmore, president of the Coshocton branch of the League to Enforce Peace, made his first public address on the league of nations question at the mid-week prayer meeting of the First Presbyterian church Wednesday evening. He addressed about 180 people on the advisability of the league going into effect.

Mr. Dinsmore told of the general ignorance of the public on the terms and clauses included in the constitution of the league. In other countries it is not so essential for the people to know the terms, for the United States is the only one of the 36 nations that will be signatory to the covenant, that is allowing its people the right to discuss, to suggest changes, and if need be to reject the constitution.

Many strong arguments were put forth by the speaker, showing that this league of nations would in no way interfere with the "sovereignty" of the United States as so many opponents have pictured it as doing. He urged every man and woman to write to Senator Harding, requesting him to vote for the covenant's adoption when the document is placed before the American congress.

RAILWAYS
ARE MADE
FAILURES
BY HEADS

Federation Delegate Says Managers Want To Show Up Federal Control

ASKS INVESTIGATION

Building Program Urged By A. F. Of L. To Relieve Unemployment

ATLANTIC CITY, N. J., June 19.—The American Federation of Labor convention today turned its attention to the questions of immigration and what shall be done with the railroads.

Peter Bollenbacher, of the Pennsylvania State Federation of Labor, asserted that railroad managers were attempting to make federal control a failure and running up needless expenditures. He urged a federal investigation.

A number of resolutions before the convention advocated continuation of federal control of the roads and eventual government ownership.

The debate on immigration was expected to center chiefly about the employment of Mexicans along the border. Harry W. Fox, of the Wyoming state federation, charging that employers were seeking to import cheap European labor, said he would demand that the convention launch a campaign for more strict immigration laws.

The case of the machinists' organization was due for settlement at this session. This organization was said to have declined to recognize the authority of the American Federation and several delegates sought to have the convention reprimand it. The machinists were declared to have defied the federation on 12 different occasions.

A resolution urging that the government immediately undertake a building program in order to alleviate unemployment was ready for action today.

Percy Thomas, deputy international president of the striking telegraphers, was here ready to seek the moral support of the convention for the strikers.

Gompers sat with the committee preparing the executive council's report until early this morning. More than 100 resolutions remain to be acted on.

WASHINGTON, June 19.—American labor is to be warned to distrust and fear the provisions of the peace treaty providing for an international labor organization, senators opposing the treaty said today.

In speeches soon to be delivered in the senate, the labor addendum to the treaty is to come under fire.

This will be one of the first attacks on the treaty provisions outside of the league of nations covenant. Those assailing the labor plan will assert, it is said, that the elaborate plan providing for internationalization of labor problems means that American labor will be kept constantly in court fighting for its protection; that this means great disturbance because of the uncertainty regarding settlement of questions vital to the workers of this country; and that it naturally will follow that labor's prosperity will wane.

In addition, it is to be argued, senators (Continued on Page 12)

EXTRA TRAVELING
ALLOWANCE IS
AWAITING YANKS

Discharged soldiers and sailors who have not yet made application for the additional "travel" allowance, granted by the government, should call at the Red Cross office in the Frew building and execute the necessary papers.

All men honorably discharged between the dates November 11, 1918, and February 28, 1919, are entitled to this additional allowance. Applicants must bring their discharge papers with them.

The Red Cross office is open every week day from 8:30 to 12:00 o'clock in the forenoon and 1:30 to 5:00 o'clock in the afternoon.

CENSORSHIP LIFTED

WASHINGTON, June 19.—The United States postal censorship will be ended at close of business next Saturday, the censorship board announced today.

Mrs. William Waters and daughters Irene and Opal, of Otsego, spent Wednesday in this city.

REPUBLICANS IN CONGRESS WOULD PROBE MEX MATTERS

WASHINGTON, June 19.—The American expedition into Mexico after Villistas is regarded by the Mexican government as a closed incident, and there will be no formal protest to this government. It was authoritatively stated today. Before this word was received here, it had been expected that a formal protest would be filed.

Immediately following word of the Mexican government's attitude Representative Gould, New York, introduced in the house a resolution for investigation by a joint house and senate committee of the government's dealings with Mexico during the last nine years. The plan is understood to have the backing of the Republican leaders.

Strong representations have been made by American officials in Mexico to the Mexican government for protection of Americans in the disturbed areas of Mexico, the state department announced today.

A state department dispatch from Juarez said Juarez is quiet and there is no evidence of ill feeling by Mexicans toward Americans.

Mexico City newspapers have published, without editorial comment, particulars of the action of U. S. troops in crossing the border. A resolution to interrogate President Carranza regarding the incident is said to have received little support in the chamber of deputies.

OPPOSITE COURT HOUSE.

FRANKFURT HUNS STAGE RIOT IN STREETS OF CITY

LONDON, June 19.—An Exchange Telegraph dispatch from Copenhagen today reported that hostile demonstrations against allied representatives occurred in Frankfurt on Main Monday night and Tuesday. Shots were fired at the Hotel Carlton, headquarters of the allied mission, the dispatch said. Government troops dispersed the mob with machine gun fire. French army officials threatened to bombard the city if French citizens were molested.

CHICAGO—Enmity against the Germans grows here daily, especially among college beau brummers. Girls at the University of Chicago have decreed they will converse only in French.

SENATE PASSES CITIES RELIEF BILL OVER COX

COLUMBUS, O., June 18.—The senate this afternoon by a 21 to 11 vote passed the joint taxation committee's financial relief bill over Governor Cox's veto.

The bill provides for the raising of the limits of the Smith law to allow cities and schools to pay up existing deficits.

CHEESE ECONOMICAL AT 50c A POUND

With cheese retailing at 50 cents a pound, it is still worth twice as much as meat, say cheese specialists, since it contains over twice the total nutritive value of meat.

SAN PEDRO, CALIF.—Faithless, Captain Connell has gone to the devil. That is to say Captain Connell of the Steamer Faith has been transferred to the Dabio.

NO CHANCE FOR THUMB ERRORS IN MEASURING

The art of measuring has changed since mother was a girl. Or, to go still further it has changed since King Henry I. of England, decreed a yard as the distance from the tip of the nose to the end of the thumb. If you don't believe it, go down to the Ransom Dry Goods Company and see their new measuring machine—they're called These Measurers, the first of their kind installed here, are really remarkable instruments. They combine the refinement of the watch, the unflinching accuracy of the adding machine and the precision of scientific instruments. The machines measure fabrics, compute the cost and cut the cloth at precisely the right place, thus eliminating waste and assuring the purchaser of full measurement.

The measuring machine sets on a small track on the inside edge of the counter over which the fabrics are sold. It is a small machine, not much larger than a check protector. It is moved from one end of the counter to the other according to the convenience of the saleslady. The fabric selected by the customer is run thru a small opening. The saleslady presses a button and the cloth starts to move thru the machine. A registering dial on top of the machine shows the progress of the fabrics. If the buyer orders three yards, the saleslady presses the button and stops the run when the dial shows that much measured off. Then she presses another button, and a notch is made in the goods indicating where it is to be cut off. Above the dial is a computer chart which instantly shows the saleslady the amount of the sale.

The automatic measuring machines at these stores will do away with the old system of measuring fabrics with yardsticks or markers on the counter. No more will there be a chance for errors by the saleslady in the old way of measuring by separate yard lengths. The machines promise to attract a lot of attention. The machines were installed by G. P. Marshall, of the Measuring Machine Company, of St. Louis, Mo.

FORMER COUNTY MAN IS LAUDED IN AN EDITORIAL

The Ohio State Journal of Thursday morning, publishes an excellent editorial on Dr. George Love, Toledo, son of Joseph Love of this city, who has been superintendent of the Toledo State hospital for the past twenty years.

Dr. Love was born in Plainfield and was reared in the Coshocton-co public schools before going away for his medical education. Since his appointment as superintendent of the Toledo State hospital he has done excellent service which has been highly appreciated by the state and by his associates. Now, Dr. Love will engage in the practice of his profession privately.

Robert M. Love, city, is a brother of the doctor.

GAME POSTPONED

The baseball game between the Trojans and the Presbyterians, which was to have been played Thursday evening on the Catholic grounds has been postponed until Friday evening. The game will start at 8:30 sharp.

La-may Face Powder Does Not Contain Any Rice Powder

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And, it really stays on better than any other face powder. It does not contain white lead or starch or rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gritty paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medical ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also astringent, discouraging flabbiness, crows' feet and wrinkles. Because it is pure and because it stays on so well, La-may rouge is also pure.

Poudre L'Amie is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember, La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it contains any white lead or rice powder. Refuse substitutes. Your common sense will tell you that when you are offered a substitute it is sure to be a demonstrator trying to sell an inferior powder that pays a big commission. When you use this absolutely pure La-may, and see how splendidly it beautifies your complexion, you will understand why it is so quick-selling the most popular beauty powder sold in New York. Save this notice. La-may rouge is also pure.

"THAT LITTLE GAME" --- A Little Green On Stud

LET'S SEE! ??? STUD? ??? YOU DEAL THE FIRST UP THEN THREE DOWN AND THE LAST UP!

NO! DEAL THE FIRST DOWN THREE UP AND THE LAST DOWN.

YOU'RE BOTH WRONG. HOYLE SAYS TO DEAL THE FIRST DOWN AND FOUR UP! THAT'S HOW WE DEAL IT.

WILL PAY TO PACK BUTTER ON FARMS

With butter at 50 cents a pound, the farmer producing even a small amount, can well afford to pack it for winter, says Prof. E. B. Stoltz, of the Ohio State University dairy department. In order for it to keep properly, however, it is more essential than usual that care be taken in the making and that all utensils should be sterilized.

In the first place, butter for packing should be made only from pasteurized pure sweet cream. The cream may be pasteurized by putting the cream can in a wash-boiler and keeping it at 145 degrees Fahrenheit for 20 minutes. After heating, it should be cooled as soon as possible to 60 degrees. Cooling may be quickened by stirring it intermittently, care being taken to avoid churning.

Before churning add sour milk starter. Churn from 35 to 40 minutes. Wash the butter by drawing off the buttermilk and adding the same amount of clean water. Wash it again if necessary. Salt as usual and work.

The butter may be packed by two methods: 1. Pack in a sterilized earthen jar. Place a sterilized white cloth over the top next to the butter. Cover the cloth with a layer of salt one-eighth inch thick. To aid in removing the cloth, have it large enough so that the edges will stick up two inches around the inside of the jar. 2. Pack in brine. First cut the butter into one pound prints and wrap in a clean parchment paper. Tie on the parchment. Immerse in a brine solution containing one pound of salt to four pounds of water. Weight down the butter with a sterile dish and brick. As the brine evaporates, more may be added.

The cooler the butter is kept the better.

An Internal Treatment For Piles "Hemorrhoids"

Gives absolute relief from all pain and suffering. Has never failed. Guaranteed.

Many people have become despondent because they have been led to believe that their case was hopeless and that there was no remedy for their case.

Go to your druggist and get an original bottle of Miro Pile Remedy, the discovery of a clever Ohio chemist, that taken internally, passes unchanged thru the stomach and intestines and thus reaches the source of the trouble where, by its soothing, healing antiseptic action, it first attacks and then by direct contact with the hemorrhoids and piles causes them to dry and disappear forever.

It's positively marvelous how speedily it is. Blessed relief often comes in two or three days, even in cases that have resisted all previously known treatments. Really wonderful results have been accomplished. It is one of the wonderful discoveries of recent years and anyone who is disappointed with its use can have their money refunded.

All pharmacists dispense Miro or can get it for you on short notice. Surely it is worth the trouble to obtain to be rid of piles forever.

IMPORTANT—What is known as Piling piles are not piles in the true sense of the word, also, this condition may accompany a true case of Opioid. For this condition Miro Pile Remedy is not necessary to take the internal prescription.

Sold by Wmmer Arnold Drug Co., and druggists everywhere.

BUILDING GREAT WHEAT STORAGE PLANT IN N. S. W.

SYDNEY, N. S. W., June 18.—Work on the great wheat storage and shipping plant, which is being pushed with great vigor by the government, is progressing rapidly.

Grain silos and terminal elevators being constructed will complete the bulk handling scheme and will constitute a national work of vital importance to wheat industry.

These storage bins at Glebe Island will have an aggregate capacity of 8,500,000 bushels of wheat, while the workhouse will have an added capacity of 800,000 bushels. The whole

GOITRE REMOVED

By EXTERNAL REMEDY Read F. M. Sawyer's Experience Mr. F. M. Sawyer, Marysville, Ohio, says in his own home paper, the Marysville Tribune: "I had an external and internal goitre for three years. It was so bad that it interfered with my swallowing and even caused me to faint. One bottle Sorbol-Quadruple has relieved this and reduced my goitre until it is unnoticeable. I will gladly recommend it to any one."

Sorbol-Quadruple comes in small bottles, containing enough for most cases. It will not stain or irritate the skin. It dissolves the goitre, the impurities passing out thru the system, leaving the parts in a well, healthful condition. Requires ten minutes daily.

Get further information at Page & Lorenz Drug store or write Sorbol Company, Mechanicsburg, Ohio.—Adv.

SOLDIER DIES AT PLANT OF OHIO SVC. CO.

NEW PHILADELPHIA, O., June 18.—John France, a returned soldier, was killed today when he touched a grounded electric wire in the plant of the Ohio Service Company. The wire carried but 115 voltage power, death was instant.

INFANT IS BURIED

The infant son of Mr. and Mrs. Okey L. Bontempt, north Elerent-st, was buried Thursday afternoon at Oak Ridge cemetery. The child was born dead early Thursday morning. Mr. and Mrs. Bontempt have no other children.

AMERICANS MAKING GOOD AT SIXTY-FIVE

Don't worry about old age. A sound man is good at any age. Keep your body in good condition and you can be as hale and hearty and able to "do your bit" as when you were a young fellow.

Affections of the kidneys and bladder are among the leading causes of early or helpless age. Keep them clean and the other organs in working condition, and you will have nothing to fear.

Drive the poisonous wastes from the system and avoid uric acid accumulations. Take GOLD MEDAL Hairless Oil Capsules periodically and you will find that you are as good as the next fellow. Your spirits will be rejuvenated, your muscles strong, and your mind keen enough for any task.

GOLD MEDAL Hairless Oil Capsules will do the work. But be sure to get the original imported GOLD MEDAL Hairless Oil Capsules. They are reliable and should help you, or your money will be refunded. For sale by most druggists. In sealed packages three, six and twelve.

ROOKY BILL

A FORECAST

Bill Brown could never save a cent, his pay came in and out it went the selfsame day that he was paid; a nest egg Bill had never laid. For suits and overcoats and socks and grub he parted with his rocks, lived in a hall room, two by two, in winter cold as Greenland's ice, in summer hot as Tophet's climate. Poor Bill, he had a mournful time.

Bill longed to learn a useful trade by which much money could be made. He turned a motor inside out and put its mysteries to rout, to pull it gaily limb from limb and put it back, all true skill and worked for wages almost nil, toiling by day with main and might and studying in school at night.

"This is a daisy's life," Willy said, "I'd almost just as lief be dead." One day while loitering in the street, his roving eye chanced to meet a sign which told him, there and then, his Uncle Sam's wanted men. The sight made his ambition burn, the words, "Enlist and Learn and Earn."

His discouraged heart with hope, "By gosh!" said William, "that's the dope!" He crossed the street with an old delay and signed up with the U. S. A., then on a transport, overseas, with other "rooks" he hit the breeze.

Soon Rooky Bill forgot his war, he learned what makes the motor go, what makes it stop when worn or ailing and how to remedy its failings. A motor expert he became, a master of the auto game, and when enlistment time expired, at handsome wages he was hired. Meanwhile he got his living free, good food and clothes, new lands to see, fresh outdoor air and many a friend, and liberal monthly pay to spend. But did he spend it all? Not so! He soaked it in the bank to grow!

But army life did more for Bill; his hollow ribs began to fill, his back grew straight, his chest expanded, he was a husky when he landed home on his native soil and a man respected among men. His gun held high, his eye serene, for life and work Bill Brown was keen. "The world's my oyster," chuckled he. "The army's made a man of me."

WEDNESDAY IS GREAT DAY AT BETHEL CAMP

Wednesday was a big day at Camp Bethel. Large crowds from the rural districts were there. An excellent and varied program was offered at the Wednesday meeting.

In the morning, the evangelist, Will Huff, preached and was greatly appreciated. Mr. Huff who comes to Bethel nearly every year has done splendid work and his sermons are looked forward to with much interest. The afternoon service was conducted by Miss McGhie, of Toronto. In the evening another well known and appreciated evangelist spoke, Thomas Henderson. He took his text from the 51st Psalm, "Put in me a clean heart, O God," and built a beautiful theme around it.

Thursday evening Will Huff will preach again. Friday services will be conducted by the following: at the 10 o'clock morning meeting, Thomas Henderson, in the afternoon at 2:30 o'clock, Will Huff and in the evening, Mr. Henderson will address the campers again.

WHEAT MIDGE REAPPEARING

The wheat midge or red weevil is reappearing in wheat fields in localities where it was found in 1918. The damage will probably not be noticed except in localities where it was present last year. This insect is a very small orange colored maggot which is now found feeding on the developing kernels beneath the green inner glume. One larva will cause a shriveled or peculiarly flattened kernel. Several feeding upon the same kernel will destroy it. About harvest time many of them leave the heads and bury themselves beneath the soil where they remain until the following spring. Others remain in the heads and appear in the threshed grain. The insect is present in infrequent numbers only in certain localities and seems to prefer wheat growing in low bottom fields. In one such field, of 300 kernels examined by T. H. Parks of the Ohio College of Agriculture, 11 percent were found to have maggots attached. There was usually but one larva to a kernel.

Paying \$8,000,000 Annually in America For the Wrappings on Ham and Bacon

WASHINGTON, June 19.—"American people who buy ham, pork and bacon have been paying out \$8,000,000 annually for wrapping paper and string at ham, pork and bacon prices," Senator Kenyon, of Iowa, told the senate this afternoon. Following this statement, the senate added an amendment to the agricultural bill placing wrapped packages of meat under the restrictions of the Pure Food Act and requiring the net weight to be marked on the package. "I'm told that in some instances, the weight of the paper and string amount to between 1 to 2½ cents per pound on bacon," said the senator.

DANCING CRAZE SWEEPING ENG.

Dancing has swept English women to their feet. It is real equal rights, suffrage dancing, too. For the English women dance with each other. And the men? Oh they sit around and look on. Or don't come at all.

American Y. W. C. A. secretaries returning via England from war assignments overseas have brought back the story. "There is a positive dance craze," says Miss Mary Anderson of Hudson, Wis. The Y. W. C. A. secretary, Grace Bristow, at the head of hundreds of London clubs for girls, said it was impossible to get the girls to do much else but dance. And they seem to prefer to dance together. She told of a dance given the night before she sailed where men and women were both present and where the men sat around the side lines and the girls danced with each other. And apparently every one was happy.

"Miss Bristow says it is the result of the war. Girls lived, worked and played together in cantonment and factory communities where there were only girls for so long during the war that they got the habit," says Miss Anderson.

Another result of the war on the women of England is the summer camp idea. Before the war boys of the wealthier classes went to summer camps for a military training program. It was unheard of for girls.

But the big sisters went to war by the thousands just as the big brothers did. So now the little sisters can go to camp. Why not? And camp is not only for the young girl. The business woman, having learned thru the war that there were many things she could do as well as a man which she had never before dreamed of, is going to camp.

The Y. W. C. A. is almost swamped in trying to meet this year's demand for summer camps.

"Women have learned in four years, what they had not learned in all the history of England," added Miss Anderson.

A VERY EFFECTIVE PLANT LICE SPRAY

The pink and green aphid or plant louse which did so much damage two seasons ago is now appearing in this locality in alarming numbers. It is attacking potatoes, tomatoes, and other garden crops. It will be found clustered on the under side of the leaves and along the stems, the effects showing in the curling and drying up of the parts attacked.

The best spray for the control of this insect is Black Leaf 49 or other nicotine sulphate, which may be purchased in seed stores. A teaspoonful to a gallon of water is the necessary strength. The insects must actually be hit with the spray and the more pressure used the better. If the aphids appear in considerable numbers it will be advisable to spray several times at intervals of a week or 10 days.

Many of these insects may be washed from the plants if a strong stream from the garden hose is turned on them.

POTTERS TO PLAY AT W. LAFAYETTE

The Pope-Gosser baseball club has organized for the season of 1919. With the arrival of Malcolm Laird from overseas the old lineup will be intact. Games have been arranged with the following teams: Dresden, Nellie, Brink Haven and Frasersburg. The opening game will be played at West Lafayette Saturday, June 21. The lineup and batting order is: M. Laird, ss; H. Laird, 2b; R. Thorsley, 1b; S. Payne, 1b; C. Gross, 1b; Z. Hook, 3b; E. Mulford, cf; B. Gross, c; J. Laird, p.

The team will practice Thursday and Friday evenings at the Red Sea and will leave Brown's poolroom at West Lafayette Saturday afternoon at 1:45. The potters feel they are presenting an unusually strong lineup this year and nearby teams desiring to arrange games are requested to write or phone to Thos. Stull, care Pope-Gosser pottery.

PROBATE COURT

First and final account of the estate of Chas. F. Gosser, filed by C. B. McCoy, executor, by Ira A. McCoy, executor. Total receipts, \$50,782.56. Total expenditures, \$50,782.56, including legacies paid and notes on hand.

SAN FRANCISCO—Found: death's sting. A coffin is jewelry and as such subject to a five percent war tax, according to telegraphic advices received today.

Recitation, Donald Richards.
Recitation, Ethel Neldon.
Recitation, Myrtle Binning.
Exercise, by four boys.
Drill, by six girls.
Good night exercise, Five girls.
Closing song.

DISCARD FOR THE DAYLIGHT SAVING PLAN

WASHINGTON, June 19.—Doom of the daylight saving, inaugurated as a war measure, was pronounced today by congress, both senate and house adopting, by overwhelming votes measures to terminate operation of the law when the period of summer time ends next October 26. The house, following three hours' debate, by a vote of 238 to 132, passed a bill to repeal the law on the last Sunday in next October, but rejected an amendment to make the repeal effective at once. The senate by a vote of 56 to 6 after brief discussion, added a rider to the agricultural appropriation bill providing for repeal of the daylight measure on the same date fixed by the house bill.

KIMBOLTON MAN HAS HIS ANKLE FRACTURED

Lewis Little, Kimbolton, had his right ankle fractured Thursday morning near his home, when a cask of oil fell on it. A plaster cast was put on and his foot treated by Dr. J. W. Shaw, city.

RECEIVER SELLS BINDER

W. M. Smith, receiver, sold a Milwaukee binder belonging to the partnership of James McGrady, Wednesday afternoon on the James Bantam farm near Warsaw to Clem Urey, Warsaw, for \$50.

MISSIONARY OF LONG SERVICE TO GIVE TALK

Members of the United Presbyterian church of Fresno will have an opportunity to hear a young woman recently returned from India, where she has been actively engaged in mission work for the past 23 years.

Miss Mary Austin will talk at that church on Friday evening, June 20 at 8:00 o'clock. A large audience is expected to hear Miss Austin talk. She will tell of many conditions in darkest India which are but slightly known to the average person. She will also relate some of her experiences during her 23 years of active service.

SENATOR GORE HURT
SIoux FALLS, S. D., June 19.—United States Senator Thomas P. Gore, of Oklahoma, injured in an automobile accident near here late yesterday expected to leave for Washington today. Senator Gore was riding from Mitchell to Sioux Falls to catch a train. The machine turned over. His shoulder was bruised.

Under the caption, "Some Historic Comparisons," The St. Louis Post Dispatch quotes portions from a significant utterance by Amos Pinchot on the recent imprisonment of Eugene Debs for a speech made at Canton, Ohio, last year which the courts held to be in violation of the espionage act. Among other things, Mr. Pinchot said:

Of course, the Supreme Court must be aware that under the decision in the Debs case the Earl of Chatham, Edmund Burke and Lord Camden should have been behind the bars for their old words than attack the revolutionary war generally. They stood up and denounced England's part in it, and told the public just why England ought to quit.

Certainly, their speeches must have had a bad effect upon the English youth of military age, and possibly they had something to do with the fact that England had to hire Hessians to fight their battles.

No doubt, too, the Judges of the Supreme Court remember that under the Debs decision, Lincoln (unless a President has special license to be seditious, which is hardly good doctrine in a democracy where we are all perfectly equal) should have been imprisoned when, in the winter of '62, at the very blackest hour of the Civil War, he sent a message to Congress, and published it all over the country. In this message—the longest one he ever wrote—he said that the great thing was to end the war. He said he wanted to stop the slaughter. And he advised Congress to compromise with the Southern States, and let them keep slavery alive for 37 years more, gradually wiping the "peculiar institution" out by purchasing the slaves with Government bond issues.

Could anything be more disquieting to the mind of a man intending to enlist? And, finally, if the decision in the Debs case had been law in England during the Boer war, David Lloyd George would about now be getting out of jail. For all thru the Boer war Lloyd George said things quite as frank as Debs' Canton speech. He said the war was engineered by selfish interests, and he advised his country to get out and have nothing to do with it. And there can be no two ways of thinking as to the effect his words must have had on British enlistment.

The Supreme Court in the Debs case has gone on the theory that it can lock up Eugene Debs' body, but society never get over making this error.

It is so short a time since society tried to jail the Sinn Féin idea, hang it in the Tower and shoot it against the Bank of England walls, and what was the result? Then England might have settled the Irish question by freeing a few Irish patriots and giving Ireland Home Rule. Today she is freeing the Irish patriots whom she did not hang or shoot, but she cannot settle the Irish question without freeing a nation of 4,000,000 people.

When Padric Pearse and James Connolly were shot, it seemed to England a little and a natural thing. When we send 100,000 and scores of American agitators to jail for long terms, it seems to us but a little thing. And the difference between liberty and slavery and that between peace and revolution is not a little thing, it still may turn upon a little thing.

And this, perhaps, is the principle which Lord Napier had in mind when he said: "FOOLS SPEAK OF AGITATORS. THERE IS BUT ONE- INJUSTICE!"

Grasp the Importance of Making Your Suit Selection Here

\$10. TO \$35.

It's highly important that you should make your selection here; not only from the established fact that you can buy as good a suit as you would ask for, at less than you could equal the same for elsewhere; but from every viewpoint of fit, model, color, pattern and material and, if it's important that you should have an immense selection of different styles and patterns to make your choice from, then its important that you come here.

LICKING COUNTY LEADS IN CONTEST FOR W. S. S. SHAFT

Coshocton-co has an excellent opportunity to win a lasting memorial to their war work, in the form of a 30 foot Barre granite shaft. If the people will but pull together and invest their savings and surplus earnings in war stamps, as they have so often done before, was the substance of a statement made by Chairman George M. Gray of the local war savings committee Wednesday.

Some people may doubt the use of investing more money in war stamps, since the war is over. A telegram from Secretary of the Treasury Carter Glass calls for more funds from the people for carrying on the after war work of reconstruction.

The county and township organizations have not been running in the smoothest working order since the last drives: liberty loan, Salvation Army and Boy Scouts and so strenuous effort is being put forth to rush the campaign. Coshocton-co could get this lasting memorial if she would work for it.

"Licking-co is at the present time in the lead of Ohio counties for this shaft. Why not Coshocton-co?" said Chairman Gray.

STREET CARS ARE RUNNING AT WINNIPEG

WINNIPEG, MAN., June 13. — For the first time since May 15, limited street car service was started in Winnipeg today.

Several cars, carrying their regular crews and accompanied by three special police, appeared on the streets. No attempt so far has been made to interfere with their operation. Street car company officials announced they are generally increasing the service. The ten strike leaders arrested here yesterday were given hearing at Stony Mountain Penitentiary late yesterday and were remanded for eight days.

They are charged with "sedition conspiracy."

It was believed today the government will proceed with the trial on the basis of the recent amendment to the immigration law, which gives authority to the dominion government to seize and deport persons, other than of Canadian birth, found guilty of agitation against the government. The job press men and book binders announced they will return to work today.

Twenty one alleged intimidators were arrested yesterday.

The following labor leaders are under arrest, as officially announced by the dominion authorities.

Rev. Wm. Ivens, editor of the Labor News, and pastor of the Labor Church.
R. B. Russell, secretary of the Metal Trades Council.

John Queen, city alderman.
A. A. Heaps, also an alderman and strike leader.

George Armstrong, street car motor-man and one of the leading orators for the strikers.

E. E. Bay, leader of strike parades.
Moses Charitonoff, Russian, formerly arrested for sedition and released on technicality.

Moses Almazoff, well known Winnipeg Radical socialist.

Mike Berenczu, Russian.

A. Schoppel, Red.

CAFETERIA INVADERS GAY CITY OF PARIS

Parisian business women are to have a real American cafeteria.

As far as is known, it will be the first in France.

The cafeteria is to be in a building recently leased by the American Y. W. C. A. in the heart of Paris. With the restaurant, the building will combine living quarters, club rooms, a gymnasium, even a "movie" machine and exhibition room.

There is nothing like it in France.

It is a direct outgrowth of one of the first clubs which the Y. W. C. A. opened in Paris in the early war days for French working women. The old club, known as the "Villier Foyer," has a membership of 1500, utterly overflowing the tiny rooms of its original home and necessitating the move to new quarters.

Miss Marguerite Jones, of New York city who directed the original foyer, will move with her "girls" to the new home. It will be open within a few weeks.

"So many French girls and women have been left absolutely alone through the loss of their men in the war, that they need more, than ever before, lodgings that are also a home to them," Miss Jones said. "The first day I told my girls that there would be lodgings in the new building, six of them applied for rooms and each one of the six was entirely alone in Paris, and dependent upon her own earnings for the loss of one or more men in her family."

Such Y. W. C. A. homes as this one are common in America, but they are absolutely unknown here. Gymnasiums, club rooms, homey lodgings and inexpensive restaurants were introduced by the American Y. W. C. A. as emergency war measures to meet the needs of the great masses of women turned into industry by the war.

The days of war are over, but not the days of French working women. The women are in business to stay. And the American Y. W. C. A. housing plan is to be permanent too. The newly leased building will house 50 women. There are four floors and a garden court.

Workmen now are painting in the big "Blue Triangle" sign over the building. But the sign is not a war sign now. It is the mark of peace needs.

IMMENSE PURCHASE AND OUR SERIES OF JUNE SALES TO MAKE 1000 NEW FRIENDS COMBINED

EVERY DRESS, EVERY SUIT, EVERY COAT AND ALL FINE WRAPS MUST GO. HERE IS BIG NEWS, HUNDREDS OF GOWNS AND DRESSES, PURCHASED BY OUR MR. VETERANS AT LIMA TODAY FOR RALLY

LIMA, O. June 13. Intense heat has not had any effect on the annual Ohio G. A. R. convention. By night practically all veterans will be here, it is expected, and ready for the great parade today.

Your Eyes
Granulated Eyelids, Eyes inflamed by exposure to Sun, Wind and Dust quickly relieved by **Murine Eye Remedy**. No Smarting, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write **Murine Eye Remedy Co., Chicago.**

The veterans settled down to business yesterday. The election, probably will be held tomorrow and the place of meeting next year decided. Rooms are on for the election of Dr. J. King Gibson, captain of the military home at Dayton and H. C. Martindale, Cleveland, as commander of the state department.

Many meetings of various organizations affiliated with the G. A. R. were held yesterday. More sessions were planned for today. Arrangements are complete for the parade today.

W. V. Marshall, of Pittsburg, member of the 169th O. V. I., has one of the most interesting records of delegates to the G. A. R. encampment. He is a veteran and a son and grandson of a veteran and father of a veteran.

Miss Josephine Wheeler, Conesville, is spending a few days at the home of her brother, Clyde Wheeler, south Third-st.

FUNERAL FRIDAY

Funeral services for Mrs. J. M. Compton will be conducted by Rev. J. L. West Friday morning at 9 o'clock at the home on Main-st. Interment will be made at South Lawn cemetery.

AT CANAL LEWISVILLE

There will be preaching at the Canal Lewisville M. E. church Sunday morning at 10:30 o'clock.

DOCTOR JACKSON'S Digestive and Liver Powder

Use this powder and eat what you like. Don't believe us—try it. Price 60c and \$1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville, O., for sample package.

Facts From The Field Of Science

A sort of miniature typewriter has been invented for marking linen.

There are caterpillars in Australia more than six inches in length.

Brackets for window shades, adjustable horizontally, have been patented.

The manufacture of fire brick has been begun in an experimental way in Uruguay.

Apparatus has been invented to give invalids electric light baths while lying in bed.

More cases of illness and deaths are caused by malaria than by any other disease in India.

Designed for apartments, a new folding bed resembles a handsome library table when closed.

About 60 per cent of China's extensive production of coal comes from five northern provinces.

Suction created by an air pump holds glassware firmly in place in a new machine for etching it.

Textiles made of paper yarn in England are appearing in a variety of easily waterproofed fabrics.

A Missionian is the inventor of a seed planting attachment that can be added to any farm cultivator.

South Africa has more than 32,000,000 sheep, producing annually more than 170,000,000 pounds of wool.

The bowl of a new medicine spoon has a hinged cover to retain its contents, easily lifted when desired.

Danish engineers and machinery, employed by Siamese capital, have built a large cement plant near Bangkok.

The cue ball is shot out of a spring gun instead of being propelled with a cue in a new form of billiards.

After less than three years of work Madrid has completed the first of four subways for street railway lines.

To enable a man in one room to watch a cash register in another a device termed a detectature has been invented.

In a welding process invented in Europe magnetism is used to deposit all of the molten metal at the desired place.

A cylindrical tooth brush has been invented which is revolved by a plunger working thru a spirally grooved handle.

New Zealand telegraph companies are experimenting with cash registers for recording the number of words in messages.

Using rubber bands for muscles, a New York man has invented a doll that walks realistically as it is led by one hand.

MONTH OF ROSES

Oh, joyous month of roses, I wish you'd last a year! Your scents enchant our noses, your sounds impress the ear. I have ten million roses, they never stale or cloy, and every one discloses the fact that June's a joy. I love the humble radish, appreciate the prune, and cabbage makes a glad dish—but oh, the rose of June! We do not boil or bake it, or slice it into slaw, but to our noses take it, at every breath we draw. It has a rich aroma that simply can't be beat; from Taunton to Takoma there's nothing smells so sweet. And often 'twixt remind us of scenes of long ago, of gardens left behind us, where roses used to grow, of old accustomed places, and vines above the door; or old familiar faces that smile on us no more. A rose's scent will carry us back to childhood's hours, when we were wont to tarry among the homely flowers; when life was all Elysian, and we had buoyant tread, and knew no backward vision, but always looked ahead. And so I sit here dreaming, and dreams are quite a boon—the sunlight on me streaming, among the scents of June; and as I view the roses it seems to me a sin that I've not forty noses, to take the scent all on.

New York Day-By-Day

By O. O. McINTYRE

NEW YORK, June 19.—For the last few days before the Long Dry Spell—

the smart rendezvous for the ultra-modern sons is the Little Club in the Roaring Forties. Justine Johnson opened it and ran it until she decided to quit Broadway and learn to act up at Waterbury in stock. This despite the fact that she had been a Broadway star.

The Little Club is an atmosphere of pink lights, pink silk curtains and at the entrance is a large painting of a nude woman riding in the moon. This touch gives the excuse to call it the Moon Room. It is the place to see the typical fast spending New York crowds.

Dore, a French chanteuse, sings at midnight. The Johnnies of the town flock to hear her. She has a beautiful voice—Anna Held eyes and her smart clothes show off to an excellent advantage her wonderful figure. The orchestra syncopates and whines unceasingly. And the bass violinist is indeed an odd note.

He has a wonderful head of hair that falls over his shoulders and a strong characteristic face. He is near 70 and yet he falls for the lure of the modern jazz. His body sways and his shoulders wriggle and his shock of hair flies about like caught in a tornado.

The Little Club is tucked away down in the basement under a theatre. It has no patronage until after the theatre scarcely and then tables are at a premium. One sees all the young squires of the town. Some with no more hair on their upper lip than he found on a piece of bacon—but they fondle it like it was a regular mustache just the same.

Old men with young girls "shimmy" with gay abandon. A Frisco imitator dances and smokes a big cigar and a little girl in tight circles around the first row of tables dancing and singing.

They tell a story down on the Radio about Frisco, the uttering jazz step, that is typical. He was in one of the theatrical clubs when a companion saw a Far East princess approaching. He turned to Frisco and said: "I want you to meet real Chinese nobility." He was presented to the Chinese princess. "Glad to meetcha!" said the jazzier. Then, suddenly, he wapped the princess on the back and burst work.

A smart young East Side boy went to work in a Fifth Avenue importing house a short time ago. The other day he asked for a day off.

"A day off?" replied the boss. "Why, you've only been here about two weeks."

"I know that," came from the boy. "But now is the time for me to get off."

"Why?"

"Because pretty soon you won't be able to get along without me."

He got his day off with full pay.

BARNES CAR BARELY ESCAPED BIG FIRE

A fire which completely destroyed a large garage at Delaware also destroyed 62 automobiles belonging to students and commencement guests at Ohio Wesleyan university, which were stored there.

The Cadillac belonging to Miss Onelia and Frank Barnes, a Coshocton who are attending school there has been stored in that garage for the past three weeks. Luckily, the car was out at the time of the fire and was saved from destruction.

DR. GERTLER'S ANNOUNCEMENT

Dr. Gertler announces that he will close his office from June 19 to June 21 for the purpose of taking a vacation. Those desiring his services will please come in now as plans for his vacation have been made and cannot be changed because of undischarged work.

The Jollier

We know a fellow who boasts of his steady habits. He goes to bed and gets up later than anybody else every night and morning.

Some girls dress in hot weather so that not even their throats are concealed.

Whoever invented the lightning bug and the mosquito should have put the dare on the one with the itch prong.

The handsomely illustrated seed catalog will soon be unanimously voted into the Ananias club.

Every time a fellow gets a nickel he wasn't expecting he spends a quarter on the strength of it.

The fellow who hasn't time to get sick or take a vacation is never missed when either is forced upon him.

We don't blame a fellow for four-fushing, but it hurts our pride to have him try to work on us.

Folks die every day, but our enemies live on; people get rich every week but we're still poor; but when it gets up to 99 in the shade we get

what's coming to us along with the rest of them.

It's easy to get a divorce, but folks with a family find it hard to undo all married life has done for them.

We may have had a backward spring, but we have a sufficiently forward summer.

Being found out is what makes sensational news.

Daylight saving is giving way to moonshine having.

Mayorality candidates are not saying much about prohibition enforcement.

PLAINFIELD

The following program will be given at the meeting of the Plainfield Grange Saturday afternoon, June 21.

Song, Grange.

Roll call, The Best Flower for the Housewife.

Volunteer recitations.

Talk, "The Grading and Marking of Wheat," John McKenney.

Musical readings, Grace Vernal.

Book review, "The Black Men," Mrs. John.

Select vocal solo, Mrs. John.

Treasure, Mrs. Walter Hancock and Mrs. Peter Starn.

Grange song, Grange.

A WOMAN'S BEAUTY Often Spoiled by a Slow-Acting Liver

Lack of Good Healthy Bile in the Liver is the Greatest Detriment to the Good Health of Both Men and Women.

Our method of combining Josephine with the laxative which act in harmony with the great God, very we have to offer you in R & G Pills for the liver and bowels.

Do not be lulled by the preparations of other people, but get the R & G Pills. They are the only ones that will give you the best of health.

Women who are slow in their bowels, who are constipated, who are suffering from indigestion, who are suffering from headache, who are suffering from nervousness, who are suffering from all these things, get the R & G Pills. They will give you the best of health.

When you are slow in your bowels, when you are constipated, when you are suffering from indigestion, when you are suffering from headache, when you are suffering from nervousness, when you are suffering from all these things, get the R & G Pills. They will give you the best of health.

People who are slow in their bowels, who are constipated, who are suffering from indigestion, who are suffering from headache, who are suffering from nervousness, who are suffering from all these things, get the R & G Pills. They will give you the best of health.

Don't stand in your own way. Use R & G Pills—you and your doctor will be up on the front.

For Sale By Page & Lorenz.

Walter Hagen making the putt at the eighteenth hole at Brae Burn Country club golf links, which gave him the open title. His opponent, Mike Brady, and the referee are watching Hagen. Inset of Hagen was taken during match.

Walter Hagen of the Oakland Hills club, Detroit, is the new U. S. open golf champion. He won it by defeating Mike Brady of the Oakley Country club, near

Boston, by one stroke in the play-off of their tie. Each had 301 strokes for the four rounds of regular play. Hagen won the title five years ago. He and Jack Mc-

Dermott are the only men who have copped the title twice in the last ten years. Hagen showed great skill and keen judgment and played a steady game.

Says His Prescription Has Powerful Influence Over Rheumatism

Discoverer Tells Druggists Not to Take a Cent of Anyone's Money Unless Allenrhu Completely Banishes All Rheumatic Pains and Twinges. Mr James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery thru the newspapers. Wimmer Arnold Drug Co. has been appointed agent for Allenrhu in this vicinity with the understanding that they will freely return the purchase money to all who state they received no benefit.

SIXTY TWO CARS BURN IN GARAGE

DELAWARE, O., June 18.—Sixty-two automobiles were destroyed in a blaze that swept Neville Brothers' garage here early today. The Delaware Gas Company, the Delaware Automatic Incubator Company and the Schweitzer Dry Cleaning Company, occupying adjoining buildings, were heavy losers. Two residences were damaged slightly. The loss was estimated at \$200,000. Origin of the blaze has not been determined.

LAWN FETE

A lawn fete will be held at the Cana Millsville Baptist church Friday evening.

FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo. There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy. Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins. The E. W. Rose Co., Cleveland, O.

WHO SAID STRAIGHT LINES WERE MODISH!

After hearing "long straight lines" and a "slim silhouette" for over six months, Dame Fashion, with her usual caprice, suddenly thrusts this model at us with its stiff wired partners over the hips which take on almost the proportions of the old hoop skirt. There are all kinds of rumors afloat and some of them say that skirts will be shorter and tighter than ever in the fall and then this appears in the shops and what is one to think?

SOCIETY FOLK PEEVE JUDGE BY GIGGLING

MINEOLA, L. I., June 18.—Patrick Walsh, Long Beach, police chief, resumed his testimony today in the trial of Dr. Walter K. Wilkins, charged with murdering his wife. Defense attorneys were expected to subject Walsh to a grilling on cross examination. Yesterday the police chief declared he had concluded the aged physician was guilty after talking with him fifteen minutes on the morning following Mrs. Wilkins' death. Judge Manning realizes that the trial may be quite a relief from the grind of social routine, but if Long Island society women are to remain in court today they must behave, he has ruled. He does not purpose having his court made a theatre of. When frequent giggling broke into laughter yesterday the judge said "any repetition of this and every body will be ordered out. This is a trial, not a matinee."

PARIS—The "big five" was scheduled to take up the Polish and Ukrainian questions this afternoon.

CONGRESSMAN OPPOSES ANY INTERVENTION

WASHINGTON, June 18.—A resolution protesting against any proposal to give Great Britain a mandate over Mexico was introduced in the house today by Representative Fitzgerald, Mass. He urged congress to express "the feeling that the United States is amply able to take care of any situation under the Monroe doctrine that may arise in Mexico."

FEDERATION ASKS SCALP OF BURLESON

ATLANTIC CITY, June 18.—The American Federation of Labor convention today adopted a resolution asking President Wilson to remove postmaster General Burleson from office. This was the resolution "That the A. F. of L., speaking directly for the four million organized wage earners and firm in the belief it reflects the sentiments of the American people, requests President Wilson immediately to remove Postmaster General Burleson." The convention continued its conservatism today. Every resolution having the slightest tinge of radicalism was throttled. The hottest fight of the session centered on a resolution by Marion Ottes to establish May 1 as the day for the general termination of contracts. The conservatives, sensing an attempt by the radicals to create a "May Day," defeated the resolution. The convention voted to appoint a committee to study the "depreciating purchasing value of a dollar" and make recommendations to congress. A protest was made against the importation of Japanese umbrella handles, canes, etc., in competition with American wares.

PHONE STRIKE IN CALIFORNIA

SAN FRANCISCO, June 18.—With the unions claiming \$900 girls and telephone wire workers on strike, telephone service in central and southern California was paralyzed today and the girls' organization was receiving offers of financial assistance from other unions. The company insists the employees broke their word and walked out before the meeting they had arranged for tomorrow could be held.

Educational Exhibit

Work by Students of the International Correspondence Schools, is Now Being Shown in the Display Window of the Ohio Service Co. Representatives in Attendance. Ask for Free Catalog on any Scholarship, over 200 Courses. Old Students Especially Invited.

BRITISH ENFORCE NEW SCHOOL LAWS.

Y. W. C. A. Opens Buildings to Relieve School Congestion. LONDON, June 18.—Help is to be given the government by the British Y. W. C. A. in enforcing the law recently passed for continuation schools. American Y. W. C. A. secretaries reaching this city from American headquarters in Paris write of how the two are working together. A law recently passed requires that children between the ages of 14 and 16 must have daytime instruction for seven or eight hours a week. Employers must release them for that period. The law is passed but not enforced. One of the practical difficulties in the way was the lack of buildings. On learning this the Y. W. C. A. offered the use of its buildings for these necessary extra classes.

PileSufferers

Don't Wait Another Minute Before Sending For a Free Trial of My New Home Treatment That Anyone Can Use Without Discomfort or Loss of Time. New and Different From Anything You Have Ever Tried. Let Me Prove That It Will Quickly Rid You of Pile Suffering. TRIAL FREE. No matter whether your case is of long standing or recent development—whether it is chronic or acute—whether it is occasional or permanent—you should send for this free trial treatment. No matter where you live—no matter what your age or occupation—if you are troubled with piles, my treatment is just what you need. I especially want to send it to those apparently hopeless cases where all forms of ointments, salves, and other local applications have failed. I want you to realize that my method of treating piles is the one safe, best treatment. This liberal offer of free treatment is the important for you to neglect a single day. Write now. Send no money. Simply send your name and address to E. R. Page, Box 1 Page Bldg., Portland, Me.—but do this now—TODAY.

We have fully prepared ourselves to take care of the increased demand for White Skirts that the warm weather is bringing. We have as large and varied assortment as one would care to find and the way our Skirts have been selling has proven to us that our prices are reasonable and the styles shown are sure to appeal to any "Good Dresser."

White Gaiardine comes in several grades. To meet all possible demands we have placed on our racks these several grades made up in about forty different styles. Some of these Skirts are made up in the narrow models and others are wide, some have pockets and others are plain. We also have some Skirts that are beautifully embroidered. CHILDREN'S DAY AT METHODIST PROS. CHURCH

Children's Day services will be held now Sunday evening at the Methodist Protestant church, city. An elaborate program has been planned. At the morning services the Rev. I. McVey will preach a sermon appropriate to children and a baptismal service will be held. The program planned and given by the children themselves will be held at the evening service at 7:45 o'clock.

FOUR KILLED IN CLEANING OUT JUAREZ

WASHINGTON, June 18.—American casualties in the skirmishing around Juarez were two civilians and two soldiers killed and eight soldiers severely wounded and eight soldiers and four civilians slightly wounded. General Cabell advised the war department today.

BRAZILIAN HEAD NEARS AMERICA

WASHINGTON, June 18.—President Fleet Pessoa of Brazil and his party are speeding to New York on the Imperator today following a break down last of the French Cruiser Jeanne D'Arc. The Jeanne D'Arc's engines broke down at sea. Three hours later President Pessoa and his party were transferred to the Imperator. The cruiser was taken in tow by the transport Mongolia and will be returned to the Azores. Pessoa left Lisbon, Portugal June 16 on the French cruiser which was detained by the French government to bring the Brazilian executive to this country.

spend the night in New York. He will proceed to Washington by special train Friday and will be met by acting Secretary of State Polk and other high officials. Full honors for the head of a sovereign state will be given the president-elect. He will be given a 21 gun salute and will be escorted by a troop of cavalry to his Washington stopping place. Vice President Marshall will for New York and his lunary in this review him at the capitol Saturday and will give an official dinner in his honor at night. On Sunday as guest of Secretary Daniels he will be taken to Mt. Vernon on Daniels' yacht to lay a wreath on Washington's tomb. Later in the day he will be entertained by acting Secretary of State Polk, the secretary of the treasury and the secretary of commerce. Pessoa's visit after he leaves Washington will be in of courtesy to his Washington stopping place. Vice President Marshall will for New York and his lunary in this review him at the capitol Saturday and will give an official dinner in his honor at night. On Sunday as guest of Secretary Daniels he will be taken to Mt. Vernon on Daniels' yacht to lay a wreath on Washington's tomb. Later in the day he will be entertained by acting Secretary of State Polk, the secretary of the treasury and the secretary of commerce. WILLARD'S TUMMY AND DEMPSEY'S HEAD DUE FOR TOUGH DAY

Jess Willard landing his left on cheek of Monahan, one of his sparring partners, as he plans to land on Dempsey. The Fourth of July will hold no great pleasure for Jess Willard's stomach and Jack Dempsey's head if the plans of both men materialize. For Dempsey hopes to beat the champ by pounding away on his bread-basket and Willard hopes to end Dempsey's ambitions with a wallop on the dome.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others. It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses. Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves. People with plenty of red blood corpses and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support. There is hardly a more shattered man (unless an organ is diseased) in America today who cannot become alert and clear in mind, vigorous and energetic in body in a very few weeks and at trifling cost. To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but a man who can be a man, you must take seven tablets of Bio-feren every day for seven days—and take them faithfully. Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted. Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before, if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them. Bio-feren is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered through druggists and is sold at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

MAZOLA

The Perfect Oil for Cooking and Salads

EVERY housewife should know the true cooking Qualities and astonishing Economy of Mazola. Compare the price of Mazola with the present price of butter, lard and other shortenings.

Use Mazola for shortening your next cake or pie crust. Follow your usual recipe but use $\frac{1}{4}$ to $\frac{1}{2}$ less Mazola than butter. You will find that your recipe comes out better, richer, tastier than it ever did before—and perfect digestibility always follows.

Not only Equal to Butter for cooking and Better than Olive Oil for salads but you buy it at half the price of either. Better, more Wholesome and Economical than lard or compounds.

WILSON GREET'S BELGIAN FOLK

BRUSSELS, June 18.—President Wilson today delivered the following message to the Belgian people:

"I am happy at the opportunity to visit a nation which defended the barriers of civilization under the most crushing difficulties. I strongly desire to meet King Albert, Cardinal Mercier, Burgomaster Max and General Leman, and to see the damage to the country whose only fault is absolute loyalty to its national honor and fidelity to its pledges."

TEAMSTER'S LIFE SAVED

Writes Letter That is Worth Reading Very Carefully

Peterson Ointment Co., Inc., Buffalo, N. Y.—I was afflicted with a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankful yours, William Haase, West Park, Ohio, March 22, 1915, care P. G. Reitz, Box 139.

Peterson says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases." Peterson's Ointment is 25 cents at all druggists, and there isn't a broad-minded druggist in America that won't praise it.

evening June 29. All cordially invited to come.

Mr. and Mrs. Jacob Zimmerman and little daughter, spent Saturday at the home of Daniel Zimmerman.

Quite a number from here attended the festival at Stone Creek Saturday night.

Lester Shafer of Sugar Creek spent Sunday with friends at this place.

Mrs. J. N. Scriber called on Mrs. T. R. Wilson Thursday evening.

Miss Doris Everhart spent a few days in Stone Creek last week.

Mrs. Elizabeth Zingg of Pearl is visiting her daughter, Mrs. Lomon Hawk.

PIGEONS \$90 EACH

PARIS, June 18.—Blond pigeons are being sold in the invaded districts of France and Belgium for as high as \$90 each.

The general high cost of living is not considered as having any effect on this price, for the reason that at \$90 each pigeon can no longer be regarded as an article of food. The price is due to other causes. During the German occupation of northern France and Belgium, no effort was made to keep up the local industry of pigeon breeding. Instead, the Germans ate what pigeons were there at the time of their invasion and thus the breeds died out entirely.

With the return to these districts of the regular inhabitants, efforts are being made to renew the breeding of blooded pigeons.

PESKY BED BUGS

The new chemical, P.D.Q.—Pesty Devil's Quinine—actually puts the everlasting pesky bedbugs, roaches, ants, and fleas, impossible for them to exist where P. D. Q. is used.

P. D. Q. kills and leaves a coating on their eggs and prevents hatching.

A two-ounce package makes a quart of the strongest bug killer on earth.

A box of P. D. Q. goes farther than a barrel of old fashioned bug killers.

Look for the devil's head on every box; also patent spout in every box of P. D. Q.

The P. D. Q. kills fleas on dogs. All leading drug stores.

6,000 Miles
Cords
8,000 Miles

Of course it's big mileage for adjustment, but any long-time Diamond user will tell you that with square usage it's the minimum you'll get from Diamond Tires.

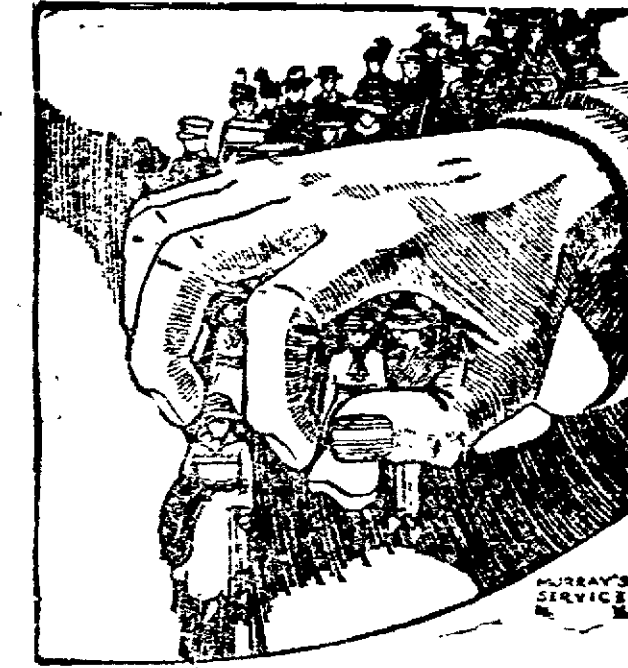

We have marked up our adjustment mileage because Diamond Tires have been rounding out more and more mileage till Diamond's policy of fairness to the user demanded adjustments worthy of the performance of the tires.

The new adjustment figures are just another proof of the established fact that Diamonds are the User's tires.

NOTE. The new adjustment basis stands back of all Diamond Tires in hands of user or dealer.

Rice in Japan.

Rice is the food of the gods and still is the food of the gods. At the family shrines dedicated to departed relatives the Japanese invariably offer tiny cups of rice. Devout folk do this every morning, while less pious persons observe the custom only on exceptional days. Japanese wine is made of rice and Japanese cakes, made of the same grain. Of the ungracious cake-makers of old it was said that they would never thrive in the after life because they mixed so vulgar a thing as sugar with so precious a substance as rice.

Mrs. John Ridgeway of Orisago was a Coshocton visitor Wednesday.

Distillation of Wood.

In the destructive distillation of wood, several products are derived, important to the industries of the country. Two principal ones are acetate of lime and wood alcohol. The plants engaged in the distillation of wood produce charcoal, and acetic acid. There are now eleven plants in Ontario and Quebec engaged in the distillation of wood. In the aggregate they consume more than 500 cords of wood a day. Maple, beech and birch are the principal kinds used, although oak, hickory and other hardwoods are suitable, if procurable.

Mrs. S. L. Stowe, Newcomerstown, spent Wednesday in Coshocton.

NEED BIG ARMY TO CONTROL THE ILLICIT STILL

LOUISVILLE, KY., June 19.—An army as big as Pershing's will be needed after July 1 to stop moonshining, which has been rapidly gaining during the last seven months. W. D. Chandler, internal revenue agent said today.

Chandler warned against kitchen stills, declared them subject to the same regulations of seizure and punishment as mountain stills.

BRITISH DOGS OF WAR STRAIN AT THE LEASH

LONDON, June 19.—The British navy is on a war footing and ready to move upon the German coast if the enemy fails to sign the peace treaty, according to the Edinburgh correspondent of the Globe. All leaves have been cancelled.

The big British dirigible R-24 which was to have started a trans-Atlantic flight tomorrow, today was cruising along the German Baltic coast to demonstrate the navy's preparedness. The craft is equipped with bombs and machine guns. Her sister ship, the R-32 also heavily armed, left Selby last night for a similar cruise over Heligoland and the Kiel Canal.

Twelve British cruisers and a number of destroyers arrived in the Baltic today and others are expected shortly, presumably ready to establish complete blockade of the German coast if the peace terms are refused. Several of the destroyers started upon a secret mission this afternoon. They were headed toward the German Baltic coast.

The Brit dirigible R-34 was observed over the southern Baltic today moving toward the Hanseatic towns.

PHONE STRIKE IN CALIFORNIA IS STILL ON

SAN FRANCISCO, CAL., June 19.—Throughout the state the telephone strike situation remained unchanged today. Pending a conference of union and company officials, thought to consider a settlement, picketing continues with but little disorder, but the San Francisco girls have cut off supplies to operators pertaining to the exchanges through inducing union members and chauffeurs not to make deliveries.

Mrs. Grace Perlin, Orchard st., is visiting her sister Mrs. O. E. Reed of Dennison.

SOCIALISTS OF ITALY OPPOSE GOVERNMENT PLAN

ROME, June 18.—The Socialist group of parliament met today and decided to oppose the government's foreign policies. Other political factions will meet tonight to determine their course of action in view of the Socialist move.
Unconfirmed reports were circulated today that Premier Orlando tendered the resignation of the entire cabinet to King Victor Emmanuel on Monday. It was further reported the king asked Orlando to avoid a governmental crisis at this time and that the resignations were withdrawn. Vice Premier Villa's resignation, presented because of illness, has been accepted.
The proposed general strike has been averted at least temporarily, thru opposition of rival labor organizations. Only the shop unions struck here. Attempted disorders were firmly suppressed, four leaders being arrested.
In Milan the gas workers' employees have struck but the company declares the service will not be interrupted.

WORLD'S

(Continued From Page One)

national assembly apparently favoring signing. The press also is divided.

BERLIN, June 18.—The Vossische Zeitung declared today that a plan is being discussed for President Ebert and his cabinet to resign, and the national assembly to dissolve, "leaving Germany to absolute anarchy."

"We must not leave any doubt that the conditions of peace are forced upon us," the Vossische Zeitung said today. "Nevertheless, we must sign, trusting to our own power to save Germany. Peace is essential. We sadly admit the truth of the extreme charge against our former rulers."

Experts recently arrived from Versailles today conferred with industrial and commercial leaders. They discussed territorial, financial, economic, legal and labor questions. Their findings will be forwarded to Weimar tomorrow.

WILSON AND PARTY TODAY IN BRUSSELS

BRUSSELS, June 18.—President Wilson and his party, who arrived here from Paris last night were scheduled to carry out a strenuous program today.
The morning was to be occupied with a motor trip thru the devastated region to the south. The party was then to lunch at the American legation. The president was to make an address in the house of parliament in the afternoon. Wilson will then receive the diplomatic corps at the palace. The party will go to Louvain to meet Cardinal Mercier. Upon their return a reception will be held in the city hall, followed by a banquet in the palace. The party will return to Paris tomorrow morning.

YANKS READY TO MARCH ON HUNS EARLY TUESDAY

COBLENZ, June 18.—Final preparations were being completed today for the American army to move forward Tuesday morning if so ordered by Marshal Foch.

Some German units are scattered thru the region immediately in front of the Americans, but it was believed they were too weak numerically to offer real resistance. Steps were also taken to guard against possible guerilla warfare by civilians.

WATCHING THE SCOREBOARD.

Yesterday's Hero—Jim Thorpe. With Boston two runs behind in the ninth, Jim oscillated the pellet for a non-stop run tying it up. In the eleventh he boosted one far and high sending him in the winning run, Boston six, Pittsburgh five.

A heavy downpour of 27 hits and 16 runs fell on the Yankees' field. The Indians sponged up 13 of the runs and 16 hits.

Fifteen thousand fans enjoyed the afternoon by watching St. Louis, the home team slip the knockout to the New York Giants 5 to 2.

Washington couldn't see Eddie Cicotte fattening on their meat, so they busted his string of wins when he tried to make it nine straight. It was 2 to 0.

On the other hand the Phillies stepped out and lost their seventh consecutive game to Cincinnati 4 to 1. Taking advantage of Ty Cobb's absence from the game, a hot on the leg did it—the Mackmen split a six to five win over Detroit.

YALE AND HARVARD OARSMEN READY FOR ANNUAL CLASH

Upper: Harvard varsity crew in its shell getting ready at Red Top, Conn., for its annual regatta with Yale of the Thames river at New London, Conn., Friday, June 20. The members are: Stroke, D. Leighton; 7, Capt. F. Whitman; 6, H. E. Olmstead; 5, J. E. Linder, Jr.; 4, F. B. Lathrop; 3, E. Brewer; 2, C. F. Batchelder, Jr.; bow, W. Davis; coxswain, E. Pierson. Lower: Yale's best crew hitting it up in preparation for race during training at Galia Ferry, Conn. They are: Bow, P. B. Allen; 2, S. H. Hord; 3, L. G. Adams; 4, J. J. Schiz; 5, J. C. Capt. W. Mead; 6, C. S. Poyson; 7, D. G. Driscoll; stroke, C. C. Peters; coxswain, R. Carson, 3rd.

COX IS UNABLE TO REVIEW THE G. A. R. PARADE

LIMA, O., June 18.—Governor James M. Cox will not be able to review the mammoth parade of the G. A. R. here this afternoon. He wired the committee that owing to an attack of influenza, his physician will not consent to his coming.

Veterans last night also were disappointed because Senator Warren G. Harding was unable to address their meeting due to the press of business at the capital.

The parade this afternoon will be the feature of the encampment. The extreme heat will not halt the veterans of three wars who will march side by side in what is expected to be the biggest procession the city ever has seen. Automobiles will carry those too feeble to walk.

The next state encampment will be held at Dennison and Uhrichville, Ohio's twin cities. The vote late yesterday afternoon was almost unanimous in favor of the this meeting place for 1920.

It is estimated that approximately 6,000 veterans are in the city today.

Various meetings were held yesterday and last night.

H. C. Martindale, of Cleveland, was elected commander of the Ohio department, G. A. R. by acclamation. W. D. McFarland, of Lima, was named senior vice commander and W. J. Alexander, of Akron, junior vice commander. Other officers were to be chosen late today.

HARRISBURG, PA. The senate today passed the federal suffrage amendment 29 to 15.

ACTRESS CONDUCTS REAL SNAKE FARM

Betty Marshall with snake pet. Miss Betty Marshall, actress with the Buff Bang Boom company, conducts a snake farm as a hobby. She says that snakes will succeed goats and other animals as pets in the near future.

STATE SUNDAY SCHOOLS WILL OPPOSE FIGHT

AKRON, O., June 18.—Three thousand delegates to the Ohio Sunday school convention, in session here, Wednesday night unanimously adopted the executive committee resolution demanding that Governor Cox forbid the holding of the Willard-Dempsey fight at Toledo July 4 on the ground that it is in violation of the state statutes, a desecration of our national holiday and injurious to the public morals and welfare of the state.

One hundred thousand printed copies of the resolution will be distributed in all Protestant churches of the state to be signed and mailed to the governor as an official protest of church goers against the fight.

The following officers were elected Wednesday night:

President, Dr. W. G. Clippinger, Westerville; vice presidents, Dr. W. O. Thompson, Columbus; Horace Drake, Ft. Thomas, Ky.; Rev. C. P. Harcraves, Columbus; E. W. Allen, Fostoria; treasurer, John P. Aiken, Bellefontaine; recording secretary, W. A. Holmes, Granville; executive committee, Dr. M. G. Phillips, Chillicothe; G. F. Hunsicker, Williamsport; L. T. Loose, Napoleon; Fred L. Pauly, Lebanon; August Faehl, New Bremen; Edmund F. Arras, Columbus; W. J. Frank, Akron; J. M. Prugh, Dayton; C. E. Hommeyer, Cincinnati; H. P. Redowig, Bellefontaine; international committee, W. A. Eudaly, Middletown; Dr. W. G. Clippinger, Westerville; C. F. Strecker, Marietta; division committee chairmen, children, Miss Alta Ayler, Akron; young peoples, Fred W. Freeman, Columbus; adult, Mrs. Georgia Lee Young, Toledo; educational, Dr. Franklin McElfresh, Columbus.

The convention will close tonight. Hamilton was selected as the meeting place in 1920.

REPUBLICANS DODGE ISSUE

COLUMBUS, O., June 18.—The refusal of the Republican senate either to confirm or reject any of Governor Cox's appointments to places carrying salaries resulted in the Democratic house minority today preventing passage of the sundries appropriation bill containing items appropriated by House Democrats, in caucus decided they would force the senate Republicans to take a position one way or the other on the Cox appointments.

Seeing defeat ahead for the sundries bill, Republican Leader Beetham carried a motion postponing action. The bill was come up again until December, unless the house reconsiders its action today.

The most important item was one for \$5000 for a state home and school for crippled children.

TOLEDO GRAIN—Close: CORN, number 3 yellow 1.53; OATS, standard white 1.42 @ 75.4; BARLEY, number 2, 1.28; RYE, No. 2, 1.43.

CLOVER SEED, cash \$27.00; October \$24.10, December \$23.90; TIMOTHY, new cash and cash \$5.55; Sept. \$6.05; Oct. \$5.85; March \$6.00.

BUTTER, brick creamery 50; packing stock 36; EGGS, strictly fresh 41 cents; fresh candied 39 cents.

HAY, unchanged.

CHICAGO GRAIN—CLOSE: CHICAGO, ILLS., June 19.—CORN—July up 1/4; Sept. up 1/4; December Dec. up 1/4.

OATS, July unchanged; Sept. up 1/4; PROVISIONS, slightly higher.

ARMY WORM IS NOT CONSIDERED SERIOUS PEST

COLUMBUS, O., June 18.—E. C. Cotton, chief horticulturist of the state board of agriculture, said today that he had received reports from Delaware and Darke counties that the army worm had caused slight damage to crops.

Cotton does not think the situation in Ohio will be near as serious as in Indiana, where large fields of grain are being burned to kill the pest.

County agriculture agents have been requested to warn the farmers to look out for the army worm.

CHARLES W. WIANDT SUICIDES AT COL'MB'S

Chas. W. Wiandt, 25, former Newcomerstown boy, committed suicide in his room at a hotel in Columbus last week, using a .22-calibre rifle to end his existence.

From the meager details available it seems that the young man may have become despondent over the loss of money, as only a small amount of change was found upon his person. He had been with his father in Florida for some years, engaged in farming, and had sold out his interests and came north. What became of his money is a mystery.

While in the employ of the Penna. Ry. Co., several years ago, he lost a foot in an accident. He had considerable trouble in getting an artificial member to work satisfactorily, and suffered considerably as a result. Some think this may have caused his to take his life.

Charles Wiandt is survived by his father, Wm. Wiandt, of Moorehead, Florida; his mother, Mrs. Clifford Hawley, Newcomerstown, and the following brothers and sisters: Grant Wiandt, Newcomerstown; Jesse Wiandt, of Sherrodsville; Mrs. Bernice Ross, of Oldham; and Mrs. Lucy Dunlap, of Newcomerstown.

Identification was made by a lodge receipt issued by the L. O. O. M. of Newcomerstown of which the young man was a charter member. Grant Wiandt immediately went to Columbus, identified the body and brought his brother's remains home for burial.

Funeral services were held Sunday afternoon at the Wiandt home on east State st., conducted by Rev. H. M. Nicholson, and interment was made in the Newcomerstown cemetery.

Hall Is Low Bidder On Mulberry Paving

Bids for the paving of Mulberry st. with brick from Fifth st. to a point 200 feet west of Second st. were opened at the city building Thursday. John Hall was lowest bidder and will probably be awarded the contract. The other bidders were J. Foy Cochran, Coshocton Construction Co. and T. J. Norman & Son.

Why Delay?
"Take this medicine," said the young doctor. "If it doesn't cure you, come back in a few days and I shall give you something that will." The patient pocketed the dope reluctantly. In a few moments he returned. "If you don't mind, doc, I'll take some of that that will cure me right away."

BIG FIVE IS WORKING ON NEW TREATY

PARIS, June 18.—The big five was scheduled to take up the question of Austrian finances and reparations today. There was no indication when the remainder of the Austrian treaty would be presented.

The council also was to discuss the situation in Carinthia, where the Jugo Slav army, after capturing Klagenfurt from the Austrians, moved into proximity with the Italian army that crossed the frontier and occupied the Vienna railroad. Possibility of clashes between Italians and Jugo Slavs was feared.

BIG CARD FOR JULY 4.

TOLEDO, O., June 18.—It is the intention of the Toledo Athletic Club under whose auspices the world's championship bout between Jess Willard and Jack Dempsey will be staged here July 4 to provide a program of entertainment at the Rickard arena that will last practically the entire day. Present arrangements call for starting the preliminaries at 10 a. m. with the big bout carded for three p. m. it is hardly probable Willard and Dempsey will get going that early, but 3.30 is the greatest delay now expected.

There will be five preliminaries, with a separate referee for each.

CABLE MAN KILLED

LANCASTER, O., June 18.—Frank Patterson, 35, Columbus, traveling cable man for the Bell Telephone Company was instantly killed here today when he fell across a high tension wire 30 feet above the ground while repairing a cable.

DR. HASELDEN OF BOLLINGER BABY FAME DIES

CHICAGO, June 19.—Dr. Harry J. Haiselden, physician who won international fame because of his decision in the Bollinger baby case died of cerebral hemorrhage in Cuba yesterday, according to information received by relatives today.

Dr. Haiselden was one of the first American physicians to advocate sterilization of defectives, and performed a number of operations in accordance with his belief. He was a believer in the theory that criminal tendencies and insanity could be eliminated by brain operations.

In the Bollinger baby case, news of which was read and discussed in all parts of the country, Dr. Haiselden decided the baby was defective and that it would be better for the child and the race to let it die. He refused to operate.

RAILWAYS

(Continued From Page One)
torts said, that the labor chapter gives Europe and Asia the opportunity to combine against the United States to force down labor standards here. The seamen's law will be endangered. Immigration will be brot before the league of nations; cheap labor will be dumped on the United States, these senators declared, if foreign nations unite to force their labor standards upon this country, where labor views are so much higher.
Senator Reed, Missouri, and other senators are preparing speeches of this phase of the treaty.
